OCEAN VILLAGE PROPERTY OWNERS' ASSOCIATION, INC.

SERVICE/ASSISTIVE ANIMAL REQUIREMENTS INFORMATION SHEET

The following information is meant to clarify the laws and assist people who want to apply for permission to have a service/assistive animal on Association property.

Pet Rule 3 of the Ocean Village Property Owners Association, Inc. Rules and Regulations provides that pets are not allowed in any amenity/recreation area, including but not limited to pools, tennis courts, the golf course, restaurant and tiki bar. An exception can be made for disabled persons under the Federal ADA (Americans with Disabilities Act) and FHA (Fair Housing Act) laws for a service or assistive animal. The ADA governs the use of service animals by persons with disabilities in public areas. The FHA governs the use of assistive animals needed as a reasonable accommodation in residential housing.

In brief, a service animal is a dog or miniature horse individually trained to do work or perform tasks for the benefit of a disabled person and is needed when the individual is in a public area. A service animal cannot act as an emotional support animal. An assistive animal is an animal that works,

provides assistance, or performs tasks for the benefit of a person with a disability, or that provides emotional support that alleviates one or more identified effects of a person's disability. An assistive animal is not a pet. An assistive animal would be present in the home. Each applicant must decide whether their need is for a service animal or an assistive animal and apply accordingly.

If the required standards for disability and service/assistive animal are not met, or if applicants do not have proper documentation to prove that the animal is necessary, the Association will deny the request in order to prevent a violation of the Declaration of Covenants and Restrictions. An application for a service/assistive animal must be submitted along with all documentation required to support the approval of a service/assistive animal. (See Service/Assistive Animal Application Process). Any guest or visitor must also meet these standards before their service or assistive animal is allowed on Association property.

PROCEDURE FOR ASSISTIVE OR SERVICE ANIMALS

The Association has made provisions for unit owners, lessees or guests who have a medically documented need for an assistive or service animal to assist them with their quality of life at Ocean Village.

1. The owner or lessee must submit the following completed forms to the Association:
 - a. A written application to the Association pursuant to the form "Assistive/Service Animal Application".
 - b. A "Verification of Medical Necessity" form completed by a licensed professional.
 - c. Letterhead or prescription form showing the credentials of the professional.
 - d. Written proof that the assistive/service animal is licensed and vaccinated as required by the Animal Control Regulations pursuant to the City of Ft. Pierce Ordinances and Florida State Statutes.
2. Once the written application has been submitted, along with the required documentation, and the written approval has been given by the Board of Directors, the unit owner or lessee may then be permitted to bring the animal onto Association property.
3. An approved service for assistant animal application must be updated annually (January 1st).
4. At all times, when the animal is on Association property, the animal must be held by a collar and leash, not to exceed 10' in length, or under voice, signal or other effective control and if a leash interferes with the animal's work or if the individual's disability prevents using a leash.
5. Any individual accompanying the animal while out of the unit must clean up after the animal. The unit owner or lessee is ultimately responsible for this task.
6. The unit owner or lessee must assume responsibility that the animal be quiet.
7. The unit owner or lessee is responsible for the animal at all times, for any property damage caused by the animal and for the behavior of the animal on Association property; and for due care and diligence in the use of the animal.
8. There is no exercise area on Association property.
9. The unit owner or lessee must follow this procedure for their visitors and guests.
10. There is a fining procedure for violation of these procedures for the well-being and safety of all residents.
